The west is the main source of terror

They called us terrorists, but the west is actually the main source of terror

They killed millions of Muslims around the world.

They cut off their heads, arms and legs, hung it up as a lesson for others.

They soiled our mosques and demolished them.

And they urinated on our Quran and burned them.

Killed our men and took our youth as captives.

Orphaned our children and left our elders widows.

They attacked our honor and raped our women.

Opened war on our countries and invaded our lands.

And when we set forth fighting for our religion, they said about us "terrorists"

They called us extremist, violent and harsh fanatic, enthusiastic, underdeveloped people.

They don't want us to be islamists (real muslims).

Rather they want us to be submissive in the face of humiliation!
